Working Order

This service is for instruments that have been serviced regularly, or for new instruments up to around 3 years old. This service includes checking the instrument for any leaks, re-seating pads, resetting the regulation where necessary and generally putting the instrument back into a playing order.

Full Service

This service is recommended about once every 5-10 years for instruments that have had regular working order checks. It is also suitable for instruments that have not been serviced for many years, or have not been played for some time.

This service includes:

- complete disassembly of the instrument*
- straightening of bent keys or dent removal (if required)*
- re-seating or replacing pads to fix leaks*
- replacement of corks and springs where necessary*
- oiling the mechanisms*
- complete regulation of the instrument (spring tensions, removal of double action, etc)*
- cleaning and polishing of the body and keywork will often be included*

Complete Overhaul

This service is as the full service but with the replacement of all pads and corks.

Other Repairs

Miscellaneous repairs are charged at £25 per hour plus materials.
